Nature of Noncompliance: On October 17, 2014, the offender submitted a urine specimen which tested positive for amphetamines. On November 26, 2014, the offender submitted a Pharchem sweat patch which returned positive for methamphetamine. On December 18, 2014, the offender reported to the U.S. Probation Office to address the above noted specimens. During the office visit, the offender admitted to having used methamphetamine on a total of three occasions. According to the offender, his use started in November 2014, and continued through December 2014. The offender did not specifically recall the use of methamphetamine in October 2014; however, he did not challenge the test results. The offender signed the Admit/Denial choice, admitting to the use of methamphetamine. Prior to leaving the office, the offender submitted a urine specimen, which also returned positive for amphetamines.

U.S. Probation Officer Action: As a result of this violation, changes have been made to the offender's treatment plan to address his relapse. Martinez has verbalized a desire to continue treatment and regain his sobriety. As the offender is currently participating in substance abuse treatment, this officer respectfully requests that no action be taken so that the offender may have the opportunity to participate and benefit from substance abuse treatment.

Accordingly, the Court reserves the right to revisit this allegation in the future. In addition, should the offender incur any further violations, the Court will be immediately notified.
